

## **SENIOR INTERIOR DESIGN LEAD:**

### **Candidate Profile :**

We are looking for a talented **Lead interior designer** with experience in **residential plots** (ideally working on real estate development projects), and strong background of concept storytelling.

The right candidate will be In-charge of creative concept design presentations, attending weekly meetings with client, coordinating with client's subconsultants (MEP, arch, Lighting etc.), with internal design team, BIM & 3d team, liaising with the technical team, reviewing all sets of drawings from Schematic until IFC, FF&E selection, specifying all interior finishes, FF&E and client presentations.

**Location:** Abu Dhabi and/or Dubai

**Work type:** Full time job

### **Job description:**

- Minimum 8-10 years of experience
- Candidate **must have experience in Residential projects** (experience with Lead Design Consultants is a + ).
- Must have **excellent written and verbal communication skills** to work closely with clients
- Must have knowledge in **managing a team** of interior designers, 3d visualiser, CAD operator
- Must have knowledge in **coordinating with subconsultants** (MEP, architectural) and to defend the interior design discipline.
- Must be able to create strong concept stories, draw plans and review all sets of drawings of the team onboard
- Proficiency in Autocad & Adobe suite
- Excellent **time management** skills
- Coordinating with Interior design team, creative director and client.
- Candidate must be strong in concepts designs, sketches is a plus
- Candidate must have **knowledge on full set of plans from Concept to IFC**, FF&E suppliers (wall finishes & textures, floor finishes, FF&E, acoustic ceilings etc..)

**Overall, an Interior Design Lead plays a critical role in ensuring the success of design projects, from conception to delivery. You must possess a range of skills, including leadership, project management, and excellent verbal communication to ensure the success of the project.**
